

## School Community Council Meeting *Minutes*

Monday, February 1, 2021

### Agenda

1. Review the 2020-2021 School Plan and Goals

***We discussed the current school plan and specific goals. There was a brief discussion about goals for the next school year, but this conversation was tabled for our next meeting as the TrustLand website is still not available for Mrs. Gagon to draft the new plan. It was the general consensus of the group that we would like to consider keeping the same goals as there will always be a need to focus on growth in literacy, math, writing and science. There was discussion about adding art and music to the curriculum and used funding from LandTrust to support this.***

2. Amendment Report

***There was an amendment to the plan to add hours in the afternoon 1st-grade class for Cali Fuller that was approved by the school board in the fall. Mrs. Gagon gave an update about the current growth and progress of our 1st-grade students (33 of them for 1 ½ teachers). The MOY data for 1st grade brought some concerns to the 1st-grade team about their growth and progress. While many things led to this lack of typical growth (as seen in other years), the school closure last year, and the lack of having to juggle schedules with our 1 and ½ teachers, we recognized there were concerns for those students. Mrs. Gagon reported to the council that the team decided to change the afternoon schedule and aide time to continue to help support their growth. It was discussed that if Cleveland was funded at 7 FTE, we would be able to use this funding for other purposes like and art and music.***

3. Review MOY Data

***This agenda item was tabled until our March meeting. Mrs. Gagon reported that they were waiting on the latest reading level data for it to be updated.***

4. Plan for 2021-2022 Elections

***This was also tabled for the March meeting.***

5. Adjourn
